9 hole scramble (Card Draw)
- DEC.
- 2 Annual Christmas Party
Installation 12:00 p.m.
- JAN.
- 13 Planning Meeting 9:00 a.m.

STATE ORGANIZATIONS

Oregon Women's Golf Association - Handicap 23 or less. Annual dues are \$40.00.

Oregon Senior Women's Golf Association - Must be at least 50 years of age. Initial fee of \$10 to join; annual dues are \$15.00. 9-hole handicap of 20 or less.

DAYS' PLAYS

TIN WHISTLE

Use full handicap, taking scores as they fall. 6 points are awarded for an eagle — 4 points for a birdie — 3 points for a par — 2 points for a bogey — 1 point for a double bogey. All on a net basis. Most points accumulated determines winner in each class.

BEST NINE

Upon completion of round, total your best nine — any nine holes and subtract $\frac{1}{2}$ your handicap. These holes will not necessarily be consecutive. For example: 1, 4, 5, 9, 14 etc. Winners are those with the lowest "nets" in each class.

PUTTING

Only strokes taken on the putting surface with a putter are counted. Winner is player using fewest putts within each class.

MATCH VS. PAR

Using full handicap, each hole is played in match play with par as your opponent. You will either match par, go down to par or will take the hole from par. Take strokes as they fall on card. You can go down or up only one per hole; the number of net strokes over par does not mean that you are down that many. (Up +, down —, tie 0)

THROW-OUT-THREE

Medal Play - no handicap. Each player may throw out her 3 worst holes. Lowest gross score for the 15 holes is winner in each class.

BLIND PARTNER

After players have teed off, the committee makes pairings for partners by lot. A player does not know her partner until the round has been completed. The total of the partner's net score will determine winners.

FAIRWAYS

Count putts and subtract from total score. Subtract 2/3 handicap.

HANDICAP TOURNAMENT

Singles match play: Allow the higher-handicapped player the full difference between the handicaps of the two players. In other words, the lower handicapped player is playing from scratch, higher handicapped player plays with only the difference.

LOW NET FOURSOME

Total score of four players of foursome, less total of their handicaps, determines the winning foursome in the field.

ODD AND EVEN

Two players make up a team. One player takes the even holes, the other the odd holes, deciding which you will play before teeing off. Use 1/2 combined handicap for total net score.

SCRAMBLE

All players tee off. Decide best drive and all hit from there. Decide best second shot; all hit 3rd shot from there and so on until ball is in hole. Count only the best shots for hole total.

BEAT THE PRO

The Pro plays with no handicap, with the players using their full handicaps to obtain their net scores. All those who beat the Pro's score are winners.

FLAG TOURNAMENT

Each player is given a small flag. He sticks it in the ground with his name on it where his ball lies after he has taken the number of strokes which equal par plus his handicap. The player who carries his flag farthest around the course (going extra holes if necessary) wins.

THREE OR FOUR BALL BEST BALL

With each player taking her handicap strokes as they fall, the best ball of the foursome is scored for each hole.

TWO BEST BALL FOURSOME

With each player taking her handicap strokes as they fall, the two best balls of the foursome are scored for each hole. The foursome with the lowest total is winner.

HIDDEN HOLES

After players have teed off, the chairman draws 9 holes out of 18. The lowest score for these 9 holes less $\frac{1}{2}$ of handicap is the winner for each class.

BEST BALL TOURNAMENT

Reduce the handicaps of all four players by the handicap of the low-handicapped player, who shall then play from scratch. Allow each of the three other players 100 per cent of the resulting difference. Players are paired in two-man teams, and their better ball on each hole is the team score. Match play.

PARTNER'S BEST BALL

A best ball event - using full handicap, take strokes as they fall on card. The best net score of partners on each hole is used in arriving at their 18-hole total.

MATCH VS. BOGEY

The same as Match vs. Par, except your opponent is bogey instead of par. (Bogey is 1 stroke over par.)

MOST PARS

Played in classes using full handicap. Player with most net pars or better is winner.

CRIER'S TOURNAMENT

May be any straight match or stroke event, but each player gets to pick out his three worst holes and revert his score on them back to par.

9 HOLE TOURNAMENT SCHEDULE

*Tuesdays-Approx. 10:00 A.M.

MARCH

- 4 Opening Breakfast Meeting 9:00 a.m.
9 Hole Scramble
- 11 Putting
- 18 Sweepstakes

- 13 Planning Meeting 9:00 a.m.

9-HOLE PLAY

Putts - count putts on the green only.

Sweepstakes - golf score minus handicap.

Take 3 over - you may take 3 mulligans. Count only the mulligan stroke, not the original.

Speks - One point for each of the following on each fairway: Longest drive off tee, closest to the pin, first on green, first in cup. High score wins.

Hidden Holes - Draw 4 holes from a hat. Do not look at them. At end of game write 4 holes on board. Take $\frac{1}{2}$ handicap from 4 hole scores.

Tin Whistle - Use full handicap, taking scores as they fall. 6 points for birdie or better — 5 points for par — 4 points for bogey — 3 points for double bogey — 2 points for triple bogey — Most total points determines winners.

Throw out 3 - each player may throw out her 3 worst holes. Lowest gross score for 6 holes is winner.

Fairways - Count putts and subtract from total score. Subtract full handicap.

2-man best ball - both tee off. Each plays her own ball for second shot. After that, you alternate, playing the best ball (one ball is picked up). Add handicaps together. Take $\frac{1}{4}$ of that and subtract from 9-hole score.

TEE TRUTH

Most golfers love the driver, but,
To me, it just brings grief —
It's only good, that longest wood,
For two lengths of relief.

—DICK EMMONS

DAYS' PLAYS

TIN WHISTLE

Use full handicap, taking scores as they fall. 6 points are awarded for an eagle — 4 points for a birdie — 3 points for a par — 2 points for a bogey — 1 point for a double bogey. All on a net basis. Most points accumulated determines winner in each class.

BEST NINE

Upon completion of round, total your best nine — any nine holes and subtract $\frac{1}{2}$ your handicap. These holes will not necessarily be consecutive. For example: 1, 4, 5, 9, 14 etc. Winners are those with the lowest "nets" in each class.

PUTTING

Only strokes taken on the putting surface with a putter are counted. Winner is player using fewest putts within each class. Must putt out!

MATCH VS. PAR

Using full handicap, each hole is played in match play with par as your opponent. You will either match par, go down to par or will take the hole from par. Take strokes as they fall on card. You can go down or up only one per hole; the number of net strokes over par does not mean that you are down that many. (Up +, down —, tie 0)

THROW-OUT-THREE

Medal Play - no handicap. Each player may throw out her 3 worst holes. Lowest gross score for the 15 holes is winner in each class.

BLIND PARTNER

After players have teed off, the committee makes pairings for partners by lot. A player does not know her partner until the round has been completed. The total of the partner's net score will determine winners.

FAIRWAYS

Count putts and subtract from total score. Subtract 2/3 handicap.

HANDICAP TOURNAMENT

Singles match play: Allow the higher-handicapped player the full difference between the handicaps of the two players. In other words, the lower handicapped player is playing from scratch; higher handicapped player plays with only the difference

LOW NET FOURSOME

Total score of four players of foursome, less total of their handicaps, determines the winning foursome in the field.

ODD AND EVEN

Two players make up a team. One player takes the even holes, the other the odd holes, deciding which you will play before teeing off. Use 1/2 combined handicap for total net score.

SCRAMBLE

All players tee off. Decide best drive and all hit from there. Decide best second shot; all hit 3rd shot from there and so on until ball is in hole. Count only the best shots for hole total.

BEAT THE PRO

The Pro plays with no handicap, with the players using their full handicaps to obtain their net scores. All those who beat the Pro's score are winners.

FLAG TOURNAMENT

Each player is given a small flag. He sticks it in the ground with his name on it where his ball lies after he has taken the number of strokes which equal par plus his handicap. The player who carries his flag farthest around the course (going extra holes if necessary) wins.

THREE OR FOUR BALL BEST BALL

With each player taking her handicap strokes as they fall, the best ball of the foursome is scored for each hole.

TWO BEST BALL FOURSOME

With each player taking her handicap strokes as they fall, the two best balls of the foursome are scored for each hole. The foursome with the lowest total is winner.

HIDDEN HOLES

After players have teed off, the chairman draws 9 holes out of 18. The lowest score for these 9 holes less $\frac{1}{2}$ of handicap is the winner for each class.

BEST BALL TOURNAMENT

Reduce the handicaps of all four players by the handicap of the low-handicapped player, who shall then play from scratch. Allow each of the three other players 100 per cent of the resulting difference. Players are paired in two-man teams, and their better ball on each hole is the team score. Match play.

PARTNER'S BEST BALL

A best ball event - using full handicap, take strokes as they fall on card. The best net score of partners on each hole is used in arriving at their 18-hole total.

MATCH VS. BOGEY

The same as Match vs. Par, except your opponent is bogey instead of par. (Bogey is 1 stroke over par.)

MOST PARS

Played in classes using full handicap. Player with most net pars or better is winner.

CRIER'S TOURNAMENT

May be any straight match or stroke event, but each player gets to pick out his three worst holes and revert his score on them back to par.

9-HOLE PLAY

Putts - count putts on the green only.

Sweepstakes - golf score minus handicap.

Take 3 over - you may take 3 mulligans. Count only the mulligan stroke, not the original.

Speks - One point for each of the following on each fairway: Longest drive off tee, closest to the pin, first on green, first in cup. High score wins.

Hidden Holes - Draw 4 holes from a hat. Do not look at them. At end of game write 4 holes on board. Take $\frac{1}{2}$ handicap from 4 hole scores.

Tin Whistle - Use full handicap, taking scores as they fall. 6 points for birdie or better — 5 points for par — 4 points for bogey — 3 points for double bogey — 2 points for triple bogey — Most total points determines winners.

Throw out 3 - each player may throw out her 3 worst holes. Lowest gross score for 6 holes is winner.

Fairways - Count putts and subtract from total score. Subtract full handicap.

2-man best ball - both tee off. Each plays her own ball for second shot. After that, you alternate, playing the best ball (one ball is picked up). Add handicaps together. Take $\frac{1}{4}$ of that and subtract from 9-hole score.

DAYS' PLAYS

TIN WHISTLE

Use full handicap, taking scores as they fall. 6 points are awarded for an eagle - 4 points for a birdie - 3 points for a par - 2 points for a bogey - 1 point for a double bogey. All on a net basis. Most points accumulated determines winner in each class.

BEST NINE

Upon completion of round, total you best nine - any nine holes and subtract 1/2 your handicap. These holes will not necessarily be consecutive. For example: 1,4,5,9,14 etc. Winners are those with the lowest "nets" in each class.

PUTTING

Only strokes taken on the putting surface with a putter are counted. Winner is player using fewest putts within each class. Must putt out!

MATCH VS. PAR

Using full handicap, each hole is played in match play with par as your opponent. You will either match par, go down to par or will take the hole from par. Take strokes as they fall on card. You can go down or up only one per hole; the number of net strokes over par does not mean that you are down that many. (Up +, down -, tie 0)

THROW-OUT-THREE

Medal Play - no handicap. Each player may throw out her 3 worst holes. Lowest gross score for the 15 holes is winner in each class.

BLIND PARTNER

After players have teed off, the committee makes pairings for partners by lot. A player does not know her partner until the round has been completed. The total of the partner's net score will determine winners.

FAIRWAYS

Count putts and subtract total score. Subtract 2/3 handicap.

HANDICAP TOURNAMENT

Singles match play: Allow the higher-handicapped player the full difference between the handicaps of the two players. In other words, the lower handicapped player is playing from scratch, higher handicapped player plays with only the difference.

LOW NET FOURSOME

Total score of four players of foursome, less total of their handicaps, determines the winning foursome in the field.

ODD AND EVEN

Four players make up a team. One player tees the even holes, the other the odd holes, deciding which you will play before teeing off. Use 1/2 combined handicap for total net score.

SCRAMBLE

All players tee off. Decide best drive and all hit from there. Decide best second shot; again hit 3rd shot from there and so on until ball is in hole. Count only the best shots for hole total.

BEAT THE PRO

The Pro plays with no handicap, with the other players using their full handicaps to obtain their net scores. All those who beat the Pro's score are winners.

FLAG TOURNAMENT

Each player is given a small flag. He sticks it in the ground with his name on it where his ball lies after he has taken the number of strokes which equal par plus his handicap. The player who carries his flag farthest around the course (going extra holes if necessary) wins.

THREE OR FOUR BALL BEST BALL

With each player taking her handicap strokes as they fall, the best ball of the foursome is scored for each hole.

TWO BEST BALL FOURSOME

With each player taking her handicap strokes as they fall, the two best balls of the foursome are scored for each hole. The foursome with the lowest total is winner.

HIDDEN HOLES

After players have teed off, the chairman draws 9 holes out of 18. The lowest score for these 9 holes less 1/2 of handicap is the winner for each class.

BEST BALL TOURNAMENT

Reduce the handicaps of all four players by the handicap of the low-handicapped player, who shall then play from scratch. Allow each of the three other players 100 per cent of the resulting difference. Players are paired in two-man teams, and their better ball on each hole is the team score. Match play.

PARTNER'S BEST BALL

A best ball event - using full handicap, take strokes as they fall on card. The best net score of partners on each hole is used in arriving at their 18-hole total.

MATCH VS. BOGEY

The same as Match vs. Par, except your opponent is bogey instead of par. (Bogey is 1 stroke over par.)

MOST PARS

Played in classes using full handicap. Player with most net pars or better is winner.

CRIER'S TOURNAMENT

May be any straight match or stroke event, but each player gets to pick out his three worst holes and revert his score on them back to par.

9-HOLE PLAY

- Putts - count putts on the green only.
- Sweepstakes - golf score minus handicap.
- Take 3 over - you may take 3 mulligans. Count only the mulligan stroke, not the original.
- Speks - One point for each of the following on each fairway: Longest drive off tee, closest to the pin, first on green, first in cup. High score wine.
- Hidden Holes - Draw 4 holes from a hat. Do not look at them. At end of game write 4 holes on board. Take $\frac{1}{2}$ handicap from 4 hole score.
- Tin Whistle - Use full handicap, taking scores as they fall. 6 points for birdie or better - 5 points for par - 4 points for bogey - 3 points for double bogey - 2 points for triple bogey - Most total points determines winners.
- Throw out 3 - each player may throw out her 3 worst holes. Lowest gross score for 6 holes is winner.
- Fairways - Count putts and subtract from total score. Subtract full handicap.
- 2-man best ball - both tee off. Each plays her own ball for second shot. After that, you alternate, playing the best ball (one ball is picked up). Add handicaps together. Take $\frac{1}{2}$ of that and subtract from 9-hole score.
